

If you do not have a PayPal account and don't want a PayPal account, please follow these instructions when registering.

Click on the credit card icon below the PayPal button (whatever type of credit card you use) and before you fill in anything, scroll down past the field for "zip code" and you'll see a toggle button that says, "save info and create PayPal account."

Click on the toggle to turn it off, and you should be all set to enter your credit card info without creating a PayPal account. Please email info@spiritualguidance.org if you have any questions.

The image is a screenshot of a mobile application's payment screen. It features several input fields for address information: "Street address", "Apt., ste., bldg. (optional)", "City", "State" (with a dropdown arrow), and "ZIP code". Below these fields is a checked checkbox labeled "Shipping same as billing address". A toggle switch is turned on, with the text "Save info & create your PayPal account" to its left. Underneath the toggle are three icons with corresponding text: a shield icon for "Shop with confidence", a shopping bag icon for "Shop millions of merchants", and a percentage icon for "Save big with great deals". A disclaimer states: "By creating an account, you confirm you're at least 18 years old and agree to the [E-sign Consent](#), [User Agreement](#) and [Privacy Statement](#)." Below this is the text "You'll return to the merchant to complete your purchase." At the bottom, there is a large blue button labeled "Create Account & Pay Now". The Android navigation bar is visible at the very bottom.
